pushTAN: Activating in the internet branch

The following instructions apply to the iOS operating system. The procedure may vary slightly for other mobile operating systems. **Note:** Start the registration described below only after you have received the registration letter. If you have switched to pushTAN from a previous procedure, you keep your online banking PIN. Otherwise you will receive a separate PIN letter containing a new start PIN.

Download the S-pushTAN app from the App Store onto your smartphone.

Tip: Enable camera access for the S-pushTAN app.

2 Start the app and enter a password. The password must consist of at least 8 characters (numbers, letters and a special character).

Confirm that the S-pushTAN app is allowed to send you push messages.

3 Select "Mit Registrierungsbrief starten (Use registration letter to start)". Use the S-pushTAN app to scan the QR code shown in the registration letter.
